CIRCULAR TO PARENTS
USE OF PRIVATE VEHICLES

Dear Parents,

1. As you are aware that this school is situated inside HQ Western Air Command, Indian air Force, Subroto Park, New Delhi. Being the important defence installation, security is of utmost importance.
2. It is brought out that many parents have engaged private vans/buses for commuting the children. It has come to the notice of School authorities that these vans/buses engaged by the parents are being parked inside Subroto Park area after dropping their children to the school. At times, the drivers and staff deployed for these vehicles have been loitering inside the high security area. This is viewed seriously by the Air Force Security.
3. Hence, parents are hereby advised to instruct the drivers and staff of such vehicles to immediately leave the Subroto Park Campus after dropping the students. They will be allowed to re-enter to pick up students only 15 min before the school is over. This instruction needs to adhere with high sense of responsibility as this has direct bearing to the safety and security of defence installation. Henceforth, any vehicle found parked inside the Subroto Park will be confiscated by the Air Force Security personnel and school will not be responsible for any such situation.
4. The Parents are to ensure that the vehicles engaged by them are adhering the guidelines of Govt of NCT of Delhi, Dte of Edn Order issued time to time on safe commute of school children and ensure that their wards does not travel in illegal Vans/RTVs which can be dangerous or fatal owing to non-adherence of motor vehicle laws.
5. Your compliance and cooperation in this regard is appreciated.
