

## **REPORT ON SCIENCE AND GAMIFICATION WORKSHOP**

A workshop was scheduled on 25<sup>th</sup> April'22 on Science and Gamification. The session was attended by students and teachers of grade X.

Mr Sandeep Singhal was the key speaker of the event. He is a graduate from IIT Roorkee. He is the academic director and founder of pace IIT and medical – a leading brand for 25 years in training students for competitive exams and Olympiads etc. He is an alumnus of TAFS , batch of 1987.

In the session he spoke about the way students can inculcate gamification in science .To engage students he played a quiz with them and introduced the topic of FRICTION. Further, he shared about his own life experiences and those with his students. In the end he discussed how one can write one's own success story in life.

Overall, it was an engaging and a motivational session.

Feedback:

- Kunal Kumar Yadav ,Grade X

“ It was a good workshop. The speaker was quiet confident to speak on the topic and he guided us correctly to crack the competitive exams IIT- JEE , NEET etc. I liked it very much. “

- Kashsihbhargawa ,Grade X

“ I think there should be more sessions like this because this was very informative and inspirational too. If possible , school must arrange more of these sessions. Thank you so much”.

- Hardik ,Grade X

“ I attended the workshop with Sandeep sir. He has good sense of humor and good way of teaching physics. He changed the mindset of students and made everyone positive”.

- Sana Bagga, Grade X

“ The workshop was an amazing experience. It really motivated me. He motivated me to study hard”.
