गांधी एक सोच-स्वच्छ भारत-स्वच्छ विद्यालय

Paying homage to one of Mahatma Gandhi's favourite tenets - 'Cleanliness is next to Godliness', our Hon'ble Prime Minister launched Swachh Bharat Abhiyan on 02 Oct 2014. The Air force School (TAFS) actively participated in this campaign with great enthusiasm.

On 02 Oct 14, TAFS worked from 8am to 10am. After taking the attendance at 8am, class teachers & stand-by teachers along with students cleaned their respective classrooms, ie desks, window-panes, cupboards etc. All students staff members took a keen interest & showed great enthusiasm in the cleanliness activities. A special assembly was held from 9am to 10am during which the importance of cleanliness and Mahatma Gandhi's contribution in achieving the independence were highlighted through songs, videos, slide shows & poems. After that 'Cleanliness Pledge' was taken by all the students, staff members

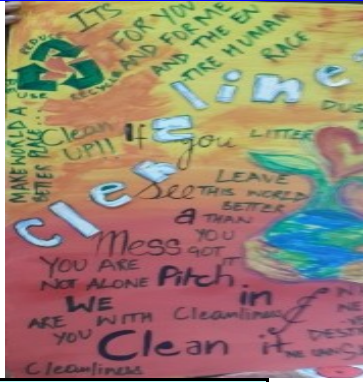

along with the Principal in both English & Hindi.

All students and staff members showed great commitment and determination towards cleanliness drive and decided to continue the Swachh Vidyalaya Abhiyan beyond 31st October, 2014 right upto 15th August, 2015.

TAFS has been doing Shramdan – A Voluntary Contribution of Labour for last two years to teach the students the dignity of labour and importance of cleanliness. One class (all 05 sections) per day do shramdan for 10 minutes during which they pick up the litters and clean the various places in and around the school.

स्वच्छता धरती को गहना है

स्वच्छता धरती को गहना है, न करना तुम इसके बरबाद गहना है यह हम सबका इंसान किया हम आबाद।

अल्पा-अल्पा बहनेवाली नदियाँ, इस धरती की शान है, यदि न तुम जका जका, यह इनकी अपमान है।

मेह-सफाई सिका है, पृथिवीका की रकी श्रद्धा मेह-लगाओ धरा बचाओ मिमिषी की समझा खुद।

खिजली जो है जीवन स्यास की की, कमरे के बाको नारा जितनी अरुन, कब ठीकी जलानी कला शिट से बंद कर जली

स्वच्छता धरती को गहना है

स्वच्छता धरती को गहना है, न करना तुम इसके बरबाद गहना है यह हम सबका इंसान किया हम आबाद।

इधर काल - ऊपर कुकाम धरती में बिछाल है; नली करे ककम सामक - सफाई नली हम सब बिछाल है।

TOPIC - CLEANLINESS IS THE NEXT TO GODLINESS

If you want India to be green, you have to make sure it is clean. Save trees and be keen. Drops put together form an ocean. Hands put together will show your devotion. Save trees and be part of the nation. Pick up the garbage around you, it will not make you small. Keep repeating this and soon there will be no garbage at all. Save trees, do it when you are short of fuel. If you try to spoil the scenery and litter, with no doubt, you will feel bitter. Save India and don't let it litter. These tips are written with zeal and zest, please them please. Save India and make it the best!
