

Journey of pandemic

Grandpa, Grandma, daddy and mummy

Be careful with Corona pandemic

Sanitize your hand and maintain social distancing

Forget to go park and for walking

Don't be upset and keep smiling, as

Every night is replaced by pleasant morning

I start improving my skills and hobbies

**Ludo, puppet show and yoga are the best companion
in this pandemic.**

Video call , Teams app is the best way to stay relevant .

Granny tales were just amazing but

Grandpa talks were lengthy and boring.

**Mum new dishes and dad puppet show was best part
in this pandemic.**

Granny I know you wanted to meet me

But corona pandemic has locked me to greet.

Just be positive and don't think negative

Support the country to fight against covid!

Stay Home and Stay Safe !
