

## **ACT OF KINDNESS**

Our domestic helper's sons' birthday was on 31<sup>st</sup> October. My sister and I decided to show some act of kindness so we decided to make a surprise cake for his birthday. We made a mango cake for him. After a lot of effort we made the cake but the icing was left...

In the afternoon we finished with the icing and the cake was ready. In the evening there was a small party at their house we went with the cake and wished him. He was so happy and thanked us for making the cake. We were very happy to see the smile on his face. very happy to see the smile on his face.
