

THE AIR FORCE SCHOOL, SUBROTO PARK, DELHI CANTT – 110010

Dear Parent

Mission N-MOLE was initiated in all the Air Force Schools with an objective to help the students excel in their respective field of interest. Under this programme, the students of classes XI and XII will be divided in group depending on their chosen career. A teacher mentor will be allotted to each group.

The teacher mentors will be in constant touch with the students. They will facilitate the availability of resource material, arrange webinars and plan other career related activities.

To avail the benefits of this programme, kindly fill the google form given below:

<https://forms.gle/FJk3CCHbgTHR6yEeA>

You are requested to encourage your ward to be in regular contact with the teacher mentor as they will provide him/her with the latest information of the upcoming competitive exams. They will also maintain a record of the results of the students.

We believe that this cohesive effort will truly help our students in turning their dreams into reality.

Looking forward to your cooperation.

Amita Gupta
Principal
