

CUET and Popular Careers Workshop

A workshop was held on 11th May' 22 on CUET and Popular Careers. The session was attended by students of grade XII.

Mr Mandar Bhatokar was the key speaker of the event. He is the chief mentor at IMS Learning centre. He is an alumnus from National Law University, Odisha who has mentored students for management, law and other entrances across the country.

In the session he spoke about the CUET entrance examination, discussed the subjects that the students must study to prepare for the exam. Further, he shared about some popular careers that students can consider and he also shared how one should do career planning. He emphasized that one must look at the interest, ability and scope of the subject and then take the decision.

Overall, it was a very informative session.

Feedback of the session is attached:

- Varenja Arora, Grade XII
“The workshop was on what to do and how to crack CUET. The workshop was conducted by Mandar sir. Through the workshop we got to know about the CUET paper and its components. Overall, it was very informative.”

- ParinishkaChandi, Grade XII

“ The session gave an insight into career options that can be taken up after 12th. It was a wonderful session as Mandar sir enlightened us about various career options that were available for students of all streams. Interest, scope and ability are the three parameters that must be taken into consideration while deciding one’s career. It was an eye opener for us as it made us realize that it’s never too late to begin with the preparation.”

- D. SwarnikaMeher

“The session was conducted by a lawyer cum career guru. He imparted knowledge about how to choose our career path and the deciding factors that come with it. Valuable information regarding CUET was provided. Facts and figures pertaining to careers which students of any stream can choose were shown. Overall, it was an informative session which broadened our minds”.

Some images of the session are attached:
