

AN INTER-HOUSE COMPETITION

DIY and PITCH was organised on the 19th of May, 2022. The activity was carried out to bring out the problem -solving capabilities of the students from classes 6th to 8th. This activity required the students to create something new and innovative to solve the school problems like paper waste disposal, plastic waste accumulation, unattended taps, scarcity of drinking water etc.

Participants surpassed the level of excellence with their innovations which were created by them from scratch to solve the afore problems.

The result of the competition are as follows:

Position	House	Marks (50)
1 st	SUBROTO	42
2 nd	LATIF	39
3 rd	KATRE	31
4 th	ARJAN	27
5 th	PRATAP	23
