

## **Aashayein 2020**

### **Science Competition : Young Tech Innovator**

#### **Shanti Asiatic School, Ahmedabad**

“Creativity can solve almost any problem.”

Sumedh Singh Virk of class IX B participated in an inter school competition held at Aashayein 2020 in category 5 which was young tech innovator on sustainable energy resources . He made a beautiful model that represented a city where all the waste generated was used to produced energy. He made this useful model by using non biodegradable material. This model was appreciated and liked by the judges. He won the second prize for his beautiful exhibit.
