War of Words: Modern Media Keeps Humanity Connected Yet Disconnected

A Virtual Intern School Competition was held at Adharsheela Global School, Vasundhara with various Events on 20 Dec, 2020. Aditri Sahni of Xth-B and Shubhangini Mehta of Xth-C participated in War of Words. Aditri spoke for the motion while Shubhangini spoke against the motion. Videos of both the stances were recorded and a youtube link was generated for the combined video.

The debate broadened the perspective of how people generally perceive the idea of modern media. Many pros and cons were revealed and a decisive script was drafted after countering all points from both the parties.

Aditri Sahni bagged the 2nd position in the event. It was a great learning experience.
