

## IGNITE–KALEIDOSCOPE

*"Creativity is inventing, experimenting, growing, taking risks, making mistakes, and having fun." -- Mary Lou Cook*

DPS Jaipur organised an interschool Science fest **IGNITE** on January 23,2021. Schools from all over the country participated in the online fest. Our Budding scientists **Laurel Arora & Aarush D. Bansal** of class VII participated in the event Kaleidoscope. They created a photo essay on the topic “Transfer of heat” and secured **First position** in the event.

In the competition students were supposed to explain any scientific concepts with the help of pictures. Laurel and Aarush performed the self-designed experiments on thermal properties and made a photo essay out of the pictures clicked during performing the innovative experiments.

Heartiest Congratulations!!!

Laurel Arora (Class VII)	Aarush D Bansal (Class VII)
