

**If you believe in yourself, you will definitely be a winner in every situation of life.**

On 25/08 /21, our student Tanya Mudel of class XII B participated in science debate on the **TOPIC PEOPLE ARE THE GENDER, THEY PREFER TO BE** organized by St. Marks School on 25<sup>th</sup> August 2021 where she spoke for the motion and secured third position.

It was an enriching experience for her to talk about the unspoken of our society. The spectrum of viewpoints on the same topic was the major takeaway from this competition. It was a enjoyable experience for her.

Heartiest Congratulations!!!!!!
