

AROMA 2021

"The only way to learn Mathematics is to do Mathematics".

~Paul Halmos

Delhi Police Public School, Safdarjung Enclave organised an online Inter- School Fiesta 'Aroma-2021' on 1st Sep 2021. Our student Aarohi Nanda (V B) emerged victorious as she bagged third position in 'Shape a Scene' event. Aarohi used her imagination to create a scene of playground using cut outs of geometrical shapes (rectangle, circle, semicircle, hexagon etc.) and mathematical symbols from waste paper and cloth.

Through her impressive video she demonstrated the use of different mathematical shapes and symbols in a playground adhering to the given theme.
