

## SCIENCE FEST – THE CATALYST

*We must dare to think about 'unthinkable things' because when things become 'unthinkable', thinking stops and action becomes mindless.*

Science is all about exploring, thinking and innovating. Based on this concept D.A.V Public School Gurugram organised an interschool festival Sci -Fest on October 13,2021. Schools from all over Delhi and NCR participated in the event. Our Students Parth Saarthi Chhikara and Anit Singh of class IX participated in the event 'KNOW ME MORE' and secured Second Position.

Our students presented the idea of electricity and magnetism using SWAY presentation.

**Heartiest Congratulations!!!**
