IIT Madras - Shaastra Junior

"A vision board to reflect our dreams, Infinite innovation for us to redeem."

Indian Institute of Technology Madras conducted a contest to create technical awareness among school students of classes I to XII across India, called 'Shaastra Juniors.' The Contest was held in online mode.

  Shaastra Juniors was comprised of events, shows, lectures and workshops focused on kindling students' interest in technical areas. The competitions at Shaastra Juniors aimed to ignite students' minds through distinctive contests.

  Mind Unwind was one of the events designed to test critical thinking skills and finding creative solutions in the least possible time. Our Student Anagh Sriram of Class X B participated in the event and stood Third in the event

Heartiest Congratulations!!!
