

E-MAGAZINE OF JUNIOR WING

WORLD OF LIL' VIVEKIANS

. *“While we try to teach our children all about life, our children teach us what life is all about.”*

.

Feelings and behavior

At this age, your **child** is exploring and learning to express his emotions. He'll do this in many ways – for example, by talking, using gestures and noises, painting and making things. Your preschooler also likes to be around people. She might want to please and be like her preschool-age friends. Imaginary friends could be important to her too. As part of getting along with others, you might hear her saying sorry, agreeing to rules and being pleased when good things happen to other people.

Playing and learning

Play is important because it's still how your child learns and explores feelings. When it comes to play, your child likes to sing, dance and act. She also loves make-believe play and is learning the difference between fantasy and reality. She's more aware of her gender and might want to play gender-based games – for examples, girls might want to play at being 'Mum'. Your child might also try different roles and behavior, like being a doctor or an engineer

Thinking

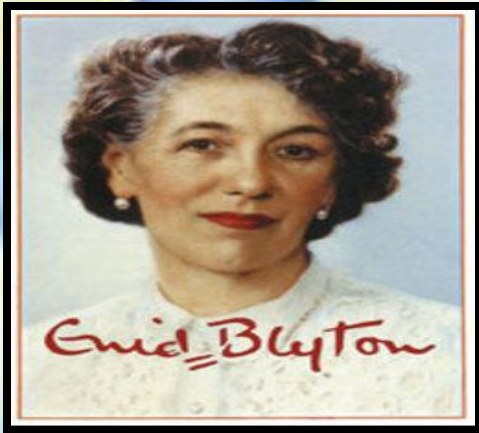

Your preschooler will understand more about opposites – for example, high/low – know the names of letters and numbers out of order, and count to 10.

TALKING

Your child's language develops a lot this year, and you'll notice that she loves telling stories and having conversations.

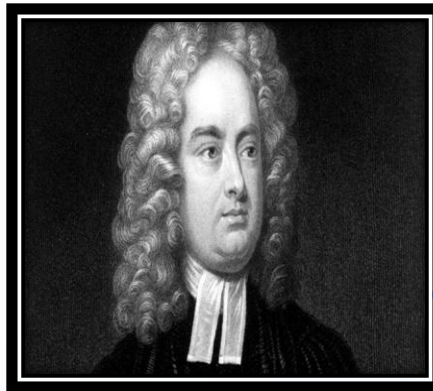

JUNIOR WRITER'S CLUB

Enid Blyton

She was born on 11th August and died on 28 Nov.1968. She was the most successful children's writer of her generation. She completed 4000 books during her life time. She is among the top ten all time best seller list

Jonathan Swift

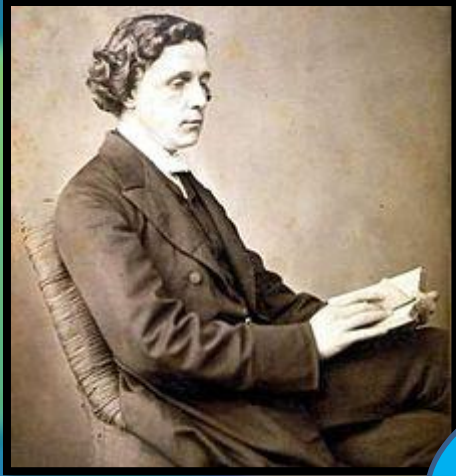

He was born on Nov.30th 1667 in Dublin, Ireland. Gulliver's Travels under the pen name Lemuel Gulliver in 1726.

J.K. Rowling

She was born on in 1966 in a small town in Bristol. In 1990 Rowling first imagined Harry Potter while on a train that was delayed for hours between Manchester and London, and has noticed that the character emerged to her "fully formed".

JUNIOR WRITER'S CLUB

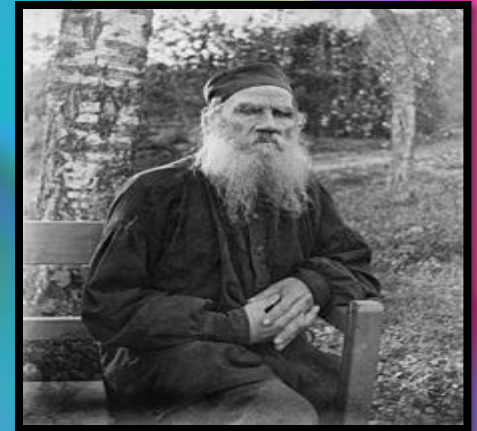

Lewis Carroll

His real name was Charles Lutwidge Dodgson. He was born on 27 Jan 1832. His most famous writings are *Alice's Adventures In Wonderland* and its sequel *Through The Looking-Glass*.

LEO TOLSTOY

He was born on 9 September 1828. He was a Russian writer who is best known for the novels *War & Peace* & *Anna Karenina*.

He was born on 2nd April 1805 in Denmark. His father was shoemaker. Some of his most defining tales were *Thumbelina* (1835), *The Snowqueen* (1844) and *The Shirt Collar* (1848).

ENGLISH IS A FUNNY LANGUAGE

WHY ENGLISH IS HARD TO LEARN

We'll begin with *box*; the plural is *boxes*,
But the plural of *ox* is *oxen*, not *oxes*.
One fowl is a *goose*, and two are called *geese*,
Yet the plural of *moose* is never called *meese*.

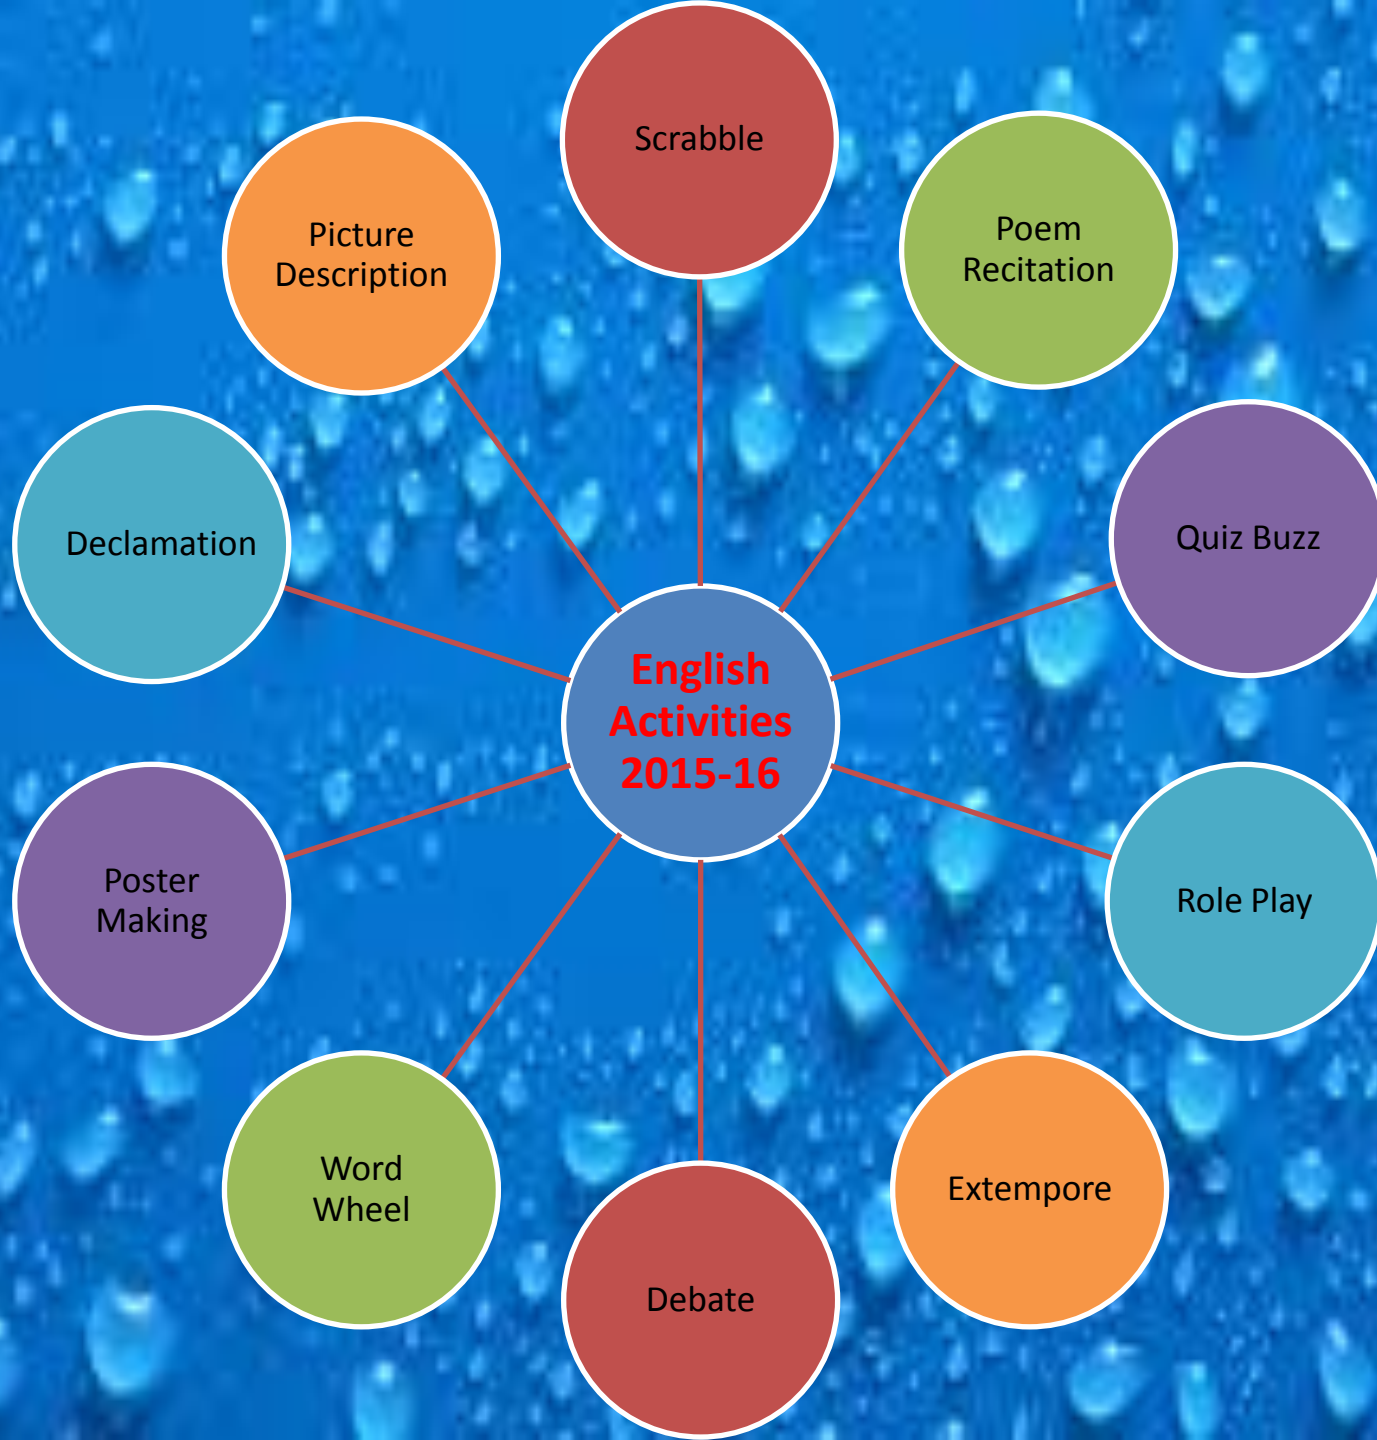

You may find a lone *mouse* or a house full of *mice*;
But the plural of *house* is *houses*, not *hice*.
The plural of *man* is always *men*,
But the plural of *pan* is never *pen*.

If I speak of a *foot*, and you show me two *feet*,
And I give you a *book*, would a pair be a *beek*?
If one is a *tooth* and a whole set are *teeth*,
Why shouldn't two *booths* be called *beeth*?

Corpulent Fat
Luminous Bright
Lackadaisical Lazy
Why be complicated
when you can make
it simple?

Tongue Twisters

How much wood would a woodchuck chuck if a woodchuck could chuck wood?

A woodchuck would chuck all the wood if a woodchuck could chuck wood.

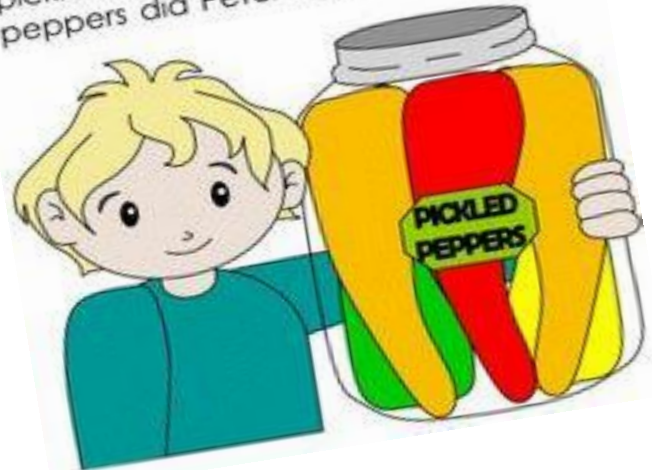

A tidy tiger tied a tighter tie to tidy her tiny tail.

The big black bug bit the big black bear,
But the big black bear bit the big black bug back!

Peter Piper picked a peck of pickled peppers.

If Peter Piper picked a peck of pickled peppers, how many pickled peppers did Peter Piper pick?

दैनिक जीवन
में हिन्दी का
प्रयोग करें

हिन्दी हैं हम

अभी विश्व के करीब 130
विश्वविद्यालयों में हिन्दी पढ़ाई
जाती है और पूरी दुनिया में करोड़ों
लोग हिन्दी बोलते हैं। चीनी भाषा के
बाद यह दूसरी भाषा है
जो इतनी बड़ी
संख्या में
बोली जाती है।

एकता की जान है,
हिंदी देश की शान है।

हिन्दी हमारी
मातृभाषा है;
मात्र
एक भाषा
नहीं।

Maths Challenge

You are wrong if you think Mathematics is not fun

Solve If You
Are Genius

$$\begin{aligned} 8 &= 56 \\ 7 &= 42 \\ 6 &= 30 \\ 5 &= 20 \\ 3 &= ? \end{aligned}$$

6	+		+	3	=	
+		+		+		+
3	+		+		=	10
+		+		+		+
	+	5	+	8	=	
=		=		=		=
	+	13	+	15	=	50

Using the digits
1, 2, 3, 4, 5, 6, 7, 8
make two numbers
whose total is **9**.

Watch out! In a correct
answer, each digit occurs
once only.

In what different ways
can this be done?

$$\begin{aligned} \text{Apple} + \text{Apple} + \text{Apple} &= 30 \\ \text{Apple} + \text{Banana} + \text{Banana} &= 18 \\ \text{Banana} - \text{Coconut} &= 2 \\ \text{Coconut} + \text{Apple} + \text{Banana} &= ?? \end{aligned}$$

3D SHAPES

**3D SHAPES ARE FAT NOT FLAT
A CONE IS LIKE PARTY HAT
A SPHERE IS A BOUNCY BALL
A PRISM IS BUILDING TALL
A CYLINDER IS LIKE A SODA POP
A CUBE IS LIKE A DICE YOU DROP
3D SHAPES ARE HERE AND THERE
3D SHAPES ARE EVERYWHERE!!**

5 Amazing facts on mathematics-

“0” - zero is the only number which is known as so many names including NOUGHT, NAUGHT, NIL, ZILCH and ZIP.

The first *WORLD MATH DAY* was celebrated on March, 14 2007.

What comes after a million- BILLION , TRILLION , QUADRILLION , QUINTILLION , SEXTILLION , SEPTILLION , OCTILLION , NONILLION , DECILLION and UNDEILLION .

LETTER A – From number 0 to 1000, the letter ‘A’ only appears in 1000 [one thousand].

In 2010 on *WORLD MATH DAY* , 1.13 million students from more than 235 countries set a record correctly answering 479,732,613 questions .

LIVING MATH LIMERICK

I ONCE THOUGHT THAT MATH WAS A BORE;
ARITHMETIC GROSS TO THE CORE. 1 3
MY TEXTBOOK I TOSSED;
TO TESTS SAID, "GET LOST!" 2
AND NOW I LIKE MATH MORE AND MORE.

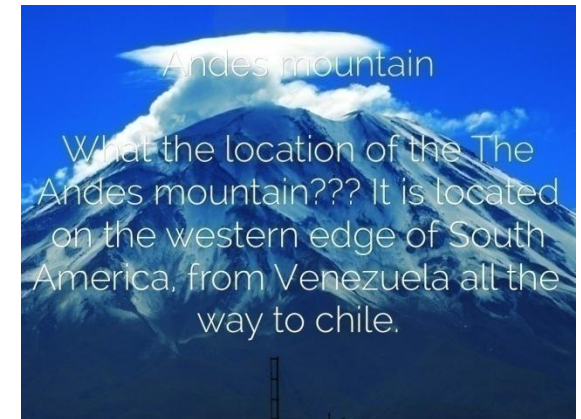

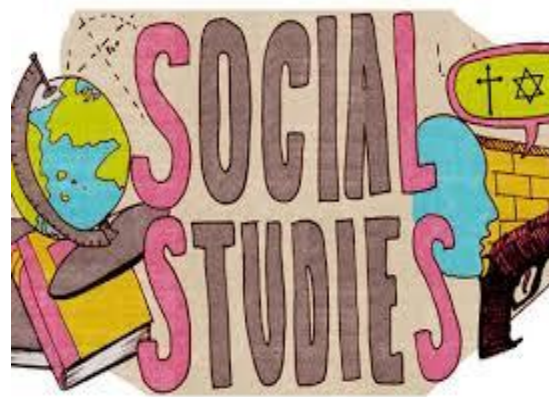

**WITHOUT MATHEMATICS,
THERE'S NOTHING YOU CAN DO.
EVERYTHING AROUND YOU
IS MATHEMATICS.
EVERYTHING AROUND YOU
IS NUMBERS.**

*FOUR' is the only
number in the
English Language
which is spelt with
the same number
of letters as the
number itself.*

Zero is the only
number that can't
be represented in
Roman numerals.

Among all the
shapes with the
same perimeter,
the circle has
the largest area.

Main Facts

- ▶ Vast reserves of oil exist here but many of the 16 countries are poor. The oil-rich countries have used their oil wealth to pay for modernization. Oil rich – Saudi Arabia, Iraq, UAE, Kuwait, Iran, Bahrain, Oman.
- ▶ Political conflict in this area is of vital concern to the rest of the world. There are issues in Iran, Israel, Iraq, and Syria.

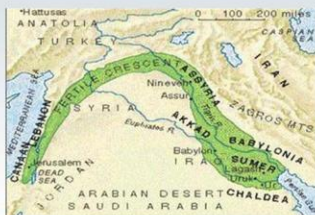

Interesting Facts About the Nile

- Longest river in the world
- Flows to the north, into the Mediterranean Sea
- The Nile allowed Egyptians to make paper (papyrus) instead of using stone tablets

Interesting Facts

- It is often said that agriculture began about 11,000 years ago in the Middle East by the Sumerians, creating our "first" civilizations.
- Civilizations of America emerged about 3,500 years ago. Or so we thought!!!

FACTS

- The Guiana Highlands are located in northern South America
- It includes unique species of plants, insects, and animals
- The highest of the Guiana Highlands is Mount Roraima
- The world's highest waterfalls are also found there

Copyright © Jacques Janssens 2011

1. Asia

- It is the **largest** continent.
- It has 30% of world land area & 60% of population
- It is the birth place of old **religions** – Hinduism, Islam, Buddhism, Christianity
- It is also the place of great **ancient** civilizations- Chinese, Harappa
- It is the home of the 10 highest mountain peaks in the world. **Mount Everest**, the highest mountain in the world

WOMEN ACHIEVERS OF INDIA

MOTHER TERESA

KALPANA CHAWLA

MEDHA PATKAR

India has the world's largest number of professionally qualified women.

India has more female doctors, surgeons, scientists & professors than the United States.

India has more working women than any other country in the world. This includes female workers at all levels of skill - from the surgeon & the airline pilot to bus conductors and menial labourers.

SCIENCE

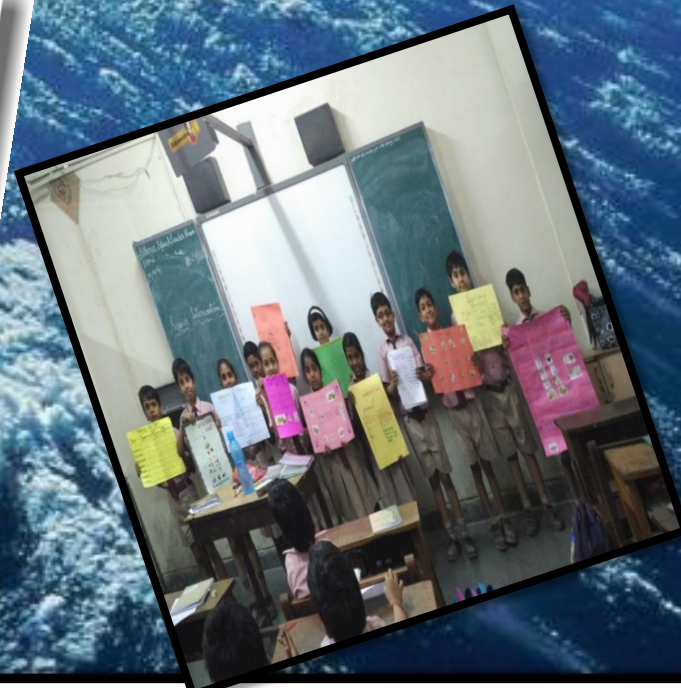

Solids

A solid is a solid,
It doesn't change its shape.
It cannot move around,
It stays in just one place.

Your desk is a solid,
And so is your chair.
Just look in your classroom—
Wow! They're everywhere!

5 cool facts about THE SUN

1. You could fit 1.3 million Earths in the Sun
2. It takes 8 minutes for the Sun's light to reach Earth
3. The Sun is 27 million degrees Fahrenheit
4. the Sun is about 4.5 billion years old
5. The Sun is 92,960,000 miles away from Earth

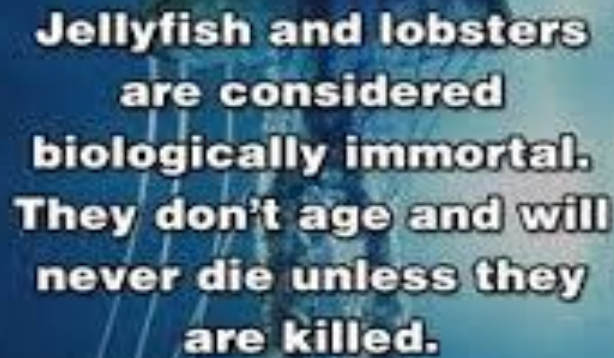

'FUN WITH EXPERIMENTS'

Eureka is a program of hand on activities for science learning. It focuses on exploring the everyday materials and making working models. The program help the learner to develop thinking skill. It makes the learning interesting and meaningful.

AMAZING FACTS

Jellyfish and lobsters are considered biologically immortal. They don't age and will never die unless they are killed.

Water ,Water –Everywhere!

- Water exists in almost every substance ,you eat or drink.
- Milk-90%
- Bread-30%
- Meat-75%
- Egg-73%
- Cucumber-95%,
- Lettuce -95%,
- Tomato-95%,
- Potato-75%

Polar bears can run at 25 miles/hr and jump 6 feet high!

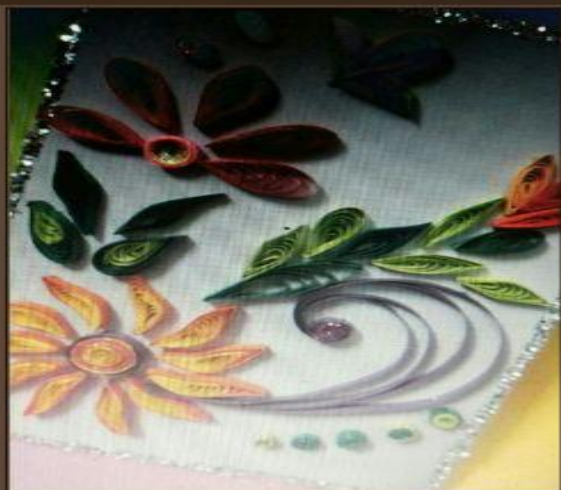

A human body is comprised of 10% human cells and 90% bacterial cells

The rate at which a tropical cyclone releases energy is 200 times the world's capacity to generate electricity.

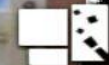

There are approximately 7,000,000,000,000,000,000,000,000 atoms in the human body.
