Newsletter - Deep Public School

## Orientation Day At Deep Public School

Under the able guidance of our Chairman, Mr. Deep Verma, an Orientation Programme was organized for the parents of new admission students at Deep Public School on 28th April 2018. The aim was to familiarize the parents, "as partners in progress" with the curriculum, rules and regulations of the school, teaching methodologies and the co-scholastic activities. The programme commenced with a warm welcome to the parents followed by the speech by the Chairman. Stress was laid on effective communication between the teachers & the parents. Support and suggestions was sought so that the children could be provided the best for their overall development.

The orientation programme proved to be a sincere effort made by the school in educating the parents to look after and guide the children in a proper manner. The students of middle school entertained the parents with a Rajasthani dance. The students of class 5 & 6 made the audience think through a short skit on "How to keep our environment clean and The importance of trees in our lives". Overall, it was a fruitful meeting and the programme helped the parents to get acquainted with the school.

*Success is The Sum Total of  
Small Efforts Repeated Day  
in And Day Out*

Lakshanya from class IX secured the 6th position in the All India Sanskrit Shloka Bhagava Gita competition.

## Workshop On Improving Reading And Speaking Skills

The workshop, focused on the different ways in which books can stimulate learning. Hopefully, it also worked to spark some new ideas as to how books can be used as learning tools in the classroom.

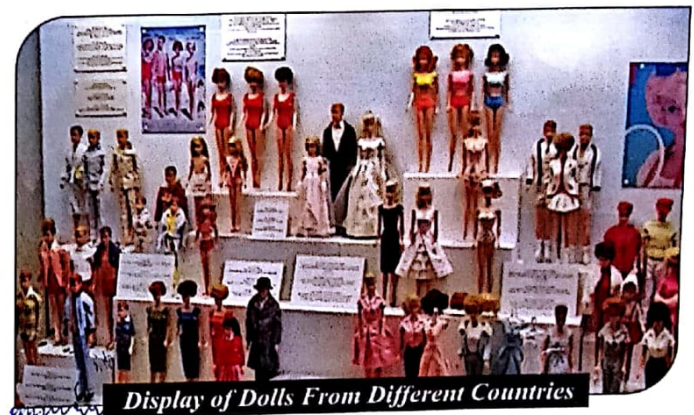

The workshop made the students realize that, 'How books can be used in the classroom to open up new worlds to children'. How they can stimulate the imagination, foster vocabulary building and enhance critical thinking. The speaker mentioned how the benefits of 'Reading Aloud' can be a fun for both the reader and listeners. By reading stories aloud in the class, how teachers can build students' vocabulary, develop listening skills and nurture a passion for the written word. Various activities were carried out by involving all the students who were divided into groups. Students were asked to speak on different topics and books they had read. The interactive session was very much enjoyed by the students.

## Visit to Doll Museum

Our primary wing had a wonderful time in to Doll Museum at ITO Delhi on 26th April 2018. They were amazed to see a variety of dolls from different states of India and other countries. It was a fun filled day that enhanced their knowledge about various states, countries and different types of dolls. The tiny tots had a gala time with their teachers.

The students became aware of the culture, heritage and traditions not only of India, but also of other countries of the world. They thoroughly enjoyed the models of German railway station and got swayed away by dolls that depict fairy tales.

Display of Dolls From Different Countries

## Day Out

The students of class 4, 5, 6 & 7 enjoyed a day out from their studies by watching the movie 'RAMPAGE' on April 17th 2018, an American science fiction monster film directed by Brad Peyton, and based on the video game series of the same name by Midway Games. The students enjoyed watching their favourite stars Dwayne Johnson, Naomie Harris, Malin Akerman, Jake Lacy, Joe Manganiello, and Jeffrey Dean Morgan.

# The FunSports Workshop

**T**opYa!- a U.S. based company conducted a Sports Workshop which has an interactive video-based learning management system for various sports programs. The 'FunSports' workshop was conducted on 9th May 2018 for the launch of India's biggest 'FunSports championship - NAC (National Active Championship) 2018.

Urbanisation, academic load, and easily accessible and affordable new tech gadgets have made our children physically inactive. The objective of NAC 2018 is to sensitize and motivate school children to become physically active during their time after school through engaging 'FunSports' activities. 'FunSports' is a fun way of motivating and inspiring children to get physically active and thereby adopt a healthy lifestyle.

Deep Public School, being very concerned about the holistic development of its students has become a part of this championship and was one of the first schools to host a live 'FunSports' workshop. The students were extremely enthusiastic and participated in great numbers on the stage. After being briefed about the program and the participation procedure they also got a chance to enjoy a freestyle foot

# Workshop

**O**ur middle school students attended a workshop on the occasion of 'World Heritage day 'on Sanjhi (Traditional paper cutting craft), Mughal Floral Painting, nurture Nature, calligraphy and on the spot quiz competitions for the students of 6 to 12 at Humayun's Tomb (UNESCO World Heritage Site) on 18th April 2018. Participants were also be taken for a Heritage Walk of the Humayun's Tomb complex. Students actively participated in the competitions. They enjoyed the Heritage walk and gained information about the various historical monuments

## *Korea – India Quiz*

Deep students always show a very keen interest in participating in various quizzes be it National or International.

Korean Cultural Centre of Embassy of the Republic of Korea organized Quiz Competition named "3rd Korea-India Friendship Quiz Competition 2018" for students of 8th to 12th class. This quiz was a great way of enhancing the awareness of students about geographical, political and general knowledge of the world. Our students were qualified for the Final rounds. The experience of attending such quizzes helped our students to interact with students of various schools ,get exposure and gain knowledge about different cultures, social and economic developments of different countries.

## *E-Learning Online Olympiad*

Deep Public School in collaboration with international e-learning platform on the 9th - 11th of April 2018 conducted a trial round of the first in India online Olympiad "Plus" in Mathematics. The Primary wing enthusiastically participated in the online competition. The fun and interactive session was given to them by the trainers. The main round of the online Olympiad "Plus" took place from April 16 to April 28 2018.

## Astronaut Seminar

Deep students from class 9-12 were fortunate to attend a seminar organized by NDIM in association with Canada Research Centre, on May 19th, 2018.

The programme gave a never before seen

insights into the Space Industry. Its main intention was to open up the minds of the students, parents and teachers to a field of the future. Some aspects that was covered briefly included Astronaut Training, Designing Human Habitat for Mars and designing India's Mars Mission. The programme was delivered by Matt Harasymczuk, Astronaut trainer, Aero space Engineer and Researcher European Space Agency and Dr. Agata an Advanced concepts team from European Space Agency. The seminar focused on the possibility of habitation on Mars. Matt explained through his presentation the life patterns of astronauts their training procedures, the vast scope of development in space technology, interest of students in astronomy etc. Dr. Agata gave a detailed account of her experience in space, the tough training undergone, designing of space habitats for Mars Mission, designing of first Human Mars Space Mission. The seminar followed by a interactive session where the students got to interact and clear their doubts related to Mars.

## The Study Abroad Career Workshop

was organized for the students of class 12th to provide a structure for advising students to consider the career implications of their decisions to study abroad, from the moment they decide on programs, to the admissions, tests for eligibility, the interviews where they have to describe their skills during admissions and after it. The speaker gave the students an insight of various courses they can apply for in different countries, the fee structure, scholarship facilities, internships availability, part time job opportunities etc.

The students were updated about how they will have to interact with people who hold different cultural perspectives, understanding cultural differences, adapting to situations of change, gaining new knowledge from experiences, work independently and undertaking tasks that are risky or unfamiliar, applying information in new or broader contexts.

The focus of this workshop was to expose students to the job market and the new and exciting upcoming careers they can pursue. It truly will assist them in identifying career options after schooling and seek appropriate higher education routes. This will also enable them to map out their career plans, determine the higher educational courses they should consider, and to develop the necessary job skills that they are planning for.

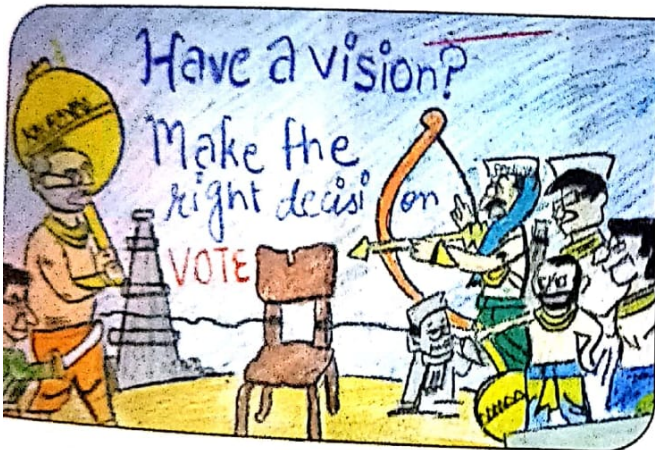

# 'Hum Badenge Apna Bharat Youth Engagement Programme'

Association for Democratic Reforms (ADR), a citizen led, non-political, non-governmental organization, which has been working towards bringing electoral and political reforms in the country so as to improve Governance and Democracy, for the past 20 years. ADR closely work with the Election Commission of India (ECI, recently launched a campaign for school children from Class VIII to XII, named 'Hum Badenge Apna Bharat Youth Engagement Programme' to make them aware of the challenges facing the Indian Democracy today and how they can improve the situation just by performing their duties as a citizen of India seriously. After the workshop, a Poster and Essay Competition was conducted in which our students secured cash award and certificates.

# Video Shoot For Youtube At Deep

Video "Every PTM Ever" revolving around Indian Parents and students was shot in our school premises on 22nd April-18. Few students from our school could meet and interact with the serial personalities Sreya Mehta, Sahil Verma and Shivam kakar.

SHREYA MEHTA

SHIVAM KAKKAR

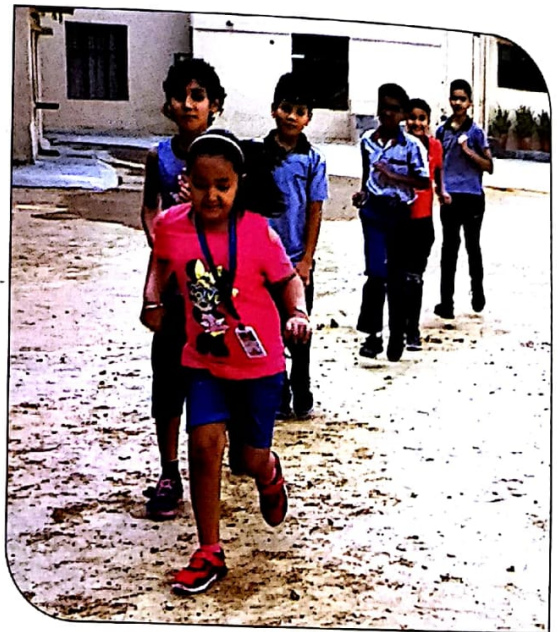

SAHIL VERMA

## Summer Camp

Students enjoyed the summer camp from 16th May 2018 to 14th June 2018. Students had a wonderful time in the Summer Camp. They enjoyed fun filled activities and most importantly, they learned things which are useful in everyday life. The students actively participated in Yoga Classes and learned Suryanamaskara, Pranayama/ Breathing Techniques, Deep Relaxation and Meditations, Stress Management and Breaking Down Postures. These techniques help them to develop their skills & concentration. Yoga also helps them in deeper understanding of self.

## English Conversation

The focus was placed on the active exercise of the language allowing for rapid progress of communication and reading skills. The students enjoyed the various activities at the same time were trying to pick up the language fast and make new friends in the process!

# Art & Craft

Students enjoyed by getting involved in quilling, sketching, learning how to make a face mask, a wall hanging with ice-creamsticks.

# Environment Day Celebrations

Students at the summer camp were enthusiastic about planting saplings in the school campus on June 5th, 2018. The team work was evident.

# Magic Show

# Sports Activities

Children enjoyed different sport activities like Skating, Lawn Tennis, Table Tennis & Judo.

## Fireless Cooking

Our kids as chefs prepared food without fire for their loved ones. They are being guided to make Chocolate pudding with biscuits. The little chefs were seen in full enthusiasm.

## Party Time

The month long summer camp came to an end with a small party. They didn't forget to display the various art and craft work they had made during the summer camp. Children enjoyed a few games, shared snacks and wined the day with an ice cream party.
