

TCS IntelliGem Contest

TCS iON IntelliGem, a national level contest on 21st Century Skills, from the House of Tata was conducted in which 91 students from classes 5-9 took part and opted for various topics. Delegates from the College, US and Tata House were present to witness the students taking contest on tablet devices. The delegates were welcomed by Principal ma'am and they were delighted to see students taking down quiz on customized devices. Later, the College US Team had a discussion with principal ma'am regarding the education system and the vision of the school.
