

CHEESE KI PATHSHALA WORKSHOP

ORGANISED BY: MOTHER DAIRY TEAM

Workshop was organised by Mother Dairy team in J.M. International School on 7th December 2019. They told the students about various benefits of cheese through a role play by members of Akshara theatre group, where the ‘cheese buddy’ interacted with the students as well. They were told about the health benefits of the cheese by a certified nutritionist and proper amount of cheese that should be included in their diet. After all this, a question answer round was held in which students took part enthusiastically.

After the session, the students got an opportunity to get a picture clicked with the ‘Cheese Buddy’ and they were also given samples of cheese slices and tiffin boxes.

It was a fun filled session for students.
