

NAME OF THE WORKSHOP: Career Options in Psychology and Pharmaceuticals and Management.

ORGANISED BY: JITIN CHAWLA

ATTENDED BY: GRADE XII, JM International School

DATED: 20/05/2022

CONTENT:

The workshop was about making students aware of various career options available for science students. The resource person guided students about different scopes which they can pursue. They also explained to students in great detail, what students need to do to build a profile and grab the opportunity to study abroad in best universities.

Later, students were informed about various career options available in the field of pharmaceuticals, Psychology and Management. The workshop was very informative and an eye opener to the students.
