

## **Namaste Thailand**

Namaste Thailand was quite a rewarding experience in terms of learning. The event took place in India Islamic Culture Centre Auditorium, Lodhi Road on 7th October 2022 Friday from 9 am to 1 pm. The competition was presented by Royal Thai Embassy (New Delhi) and executed by Quizcraft Global Knowledge Solutions. The event was part of the ongoing 75th-anniversary celebrations of establishing diplomatic relations between Thailand and India. The competition was for students of IX-XII. The quiz focused on general knowledge of Thailand's history, geography, society, people, travel, technology, sports, arts & culture, food, language, heritage, current affairs, and diplomatic relations between Thailand and India over the past 75 years. From our school, 6 students of 3 teams participated. The day started with the registration of students. In total there were 153 teams in the first round and they all gave a written test that included 20 questions. The students learned about the culture of Thailand through this exposure, enjoyed their trip and relished the snacks offered to them.
