

NAME OF THE EVENT – ARCADIA 2021

ORGANIZED BY: PARAMOUNT INTERNATIONAL SCHOOL

CLASS AND THEME: MATHARCTHON FOR GRADE VI

PARTICIPANT: SHEFALI VYAS OF GRADE VI

DATE: 31/08/2021

About the event:

The Paramount International school Dwarka, New Delhi, had organized its annual multi-faceted fest 'ARCADIA 2021'. This year the theme of presentation for grade VI students was 'MATHarcthon: 3D model making'. This talent league was completely virtual and the participants had to construct a 3D model of any Indian Monument and then had to integrate the mathematics concept with their art of monument in the video of less than 3 minutes. Shefali Vyas of Grade VI, of J.M International school, chose the Indian Monument CHARMINAR. Through her presentation of less than three minutes she beautifully integrated her knowledge of Mathematics with Art. She explained that how the Charminar is bilaterally symmetrical in nature along its y axis. She also inculcated the concepts of 2D & 3D shapes. In her project and explained it all in a very well-presented manner. She at a very young age has shown all of us the true integration of different domains in a very beautiful manner. Because of her hard work and outstanding performance, she bagged the 2nd position in the ARCADIA 2021.
