

# The best way to predict the future is to create it

A career confluence held at **JM International School, Dwarka** for students of classes IX to XII. The fair was organised by a renowned institute to clear the doubts of the students related to different career paths.

Harpreet Singh conducted a workshop on higher studies and admission procedures of foreign universities. It also mentioned various exams like SAT and TOEFL.

Dr Ishan Ranjan, in his workshop enlightened the stu-

dents about the various ways to crack competitive exams and about the importance of time management. Various Indian and foreign universities gave pamphlets and flyers to the students informing them about the various courses.
