ASSEMBLY REPORT- Ambition is a key to Success

Morning assembly brings the people of a class and a school together. Being the beginning of the day, it brings an aura of positivity, hope and motivation along with it. The efforts and dedication of the students which goes in the running of the assembly inspires all to give similar or better performances in the coming events. This leads to students learning how to take initiatives, be responsible and be an inspiration for others.

In the times like these, it is very important to keep reminding the students about their goals, ambitions and what it takes to climb the ladder of success. Moving along the same lines, the students of Grade VI C organized an assembly on the topic 'Assembly is the key to Success.' on December 21, 2021.

The assembly started with the beautiful thought "It has been a long journey, but if you dream and have the ambition and want to work hard, then you can achieve."

The assembly had performances like poem recitation in English, dance performance based on the same theme and speech given by the students. All the events were organized keeping in mind the variety of skills that are required to be successful. It motivated the students to strike the right balance between the multitudinous tasks they do, and never give up in the face of the obstacles. Both of them being the significant components of leading a successful life.

The assembly concluded with the National Anthem after which the students dispersed for their classes.
