

MBS INTERNATIONAL SCHOOL, DWARKA ACTIVITY REPORT

Date: - 29-11-2021

Class: III

Eureka Club Activity

Name of the Activity: Best Out of Waste (3R's)

DIY- Project- Making a Beam Balance or Physical Balance

Objectives:

- To develop the ability to think and organize the thinking to create something useful.
- To indulge the students into an extracurricular activity with exclusive tool i.e. waste material.

Little hands and imaginative minds came together in a creative burst of energy during the Activity “Best out of waste” held on November 29, 2021 organised by the Eureka Club for the students of Grade III.

The aim of organising the activity was to make children aware of the uses of waste material and to give them a lesson on reducing waste to save our future.

The values like preservation, recycling, conservation, reduce, reuse, etc were imbibed in the young hearts and minds by demonstrating this noble act of caring for our environment.

Students prepared the physical balance machine using the material available at home. They came up with their creative ideas and prepared various designs.

Coordinator
Ms. Savita Chhillar

Activity In charge
Ms. Suneyana Grover
