ASSEMBLY REPORT

“PUSH YOURSELF – BECAUSE NO ONE ELSE IS GOING TO DO IT FOR YOU”.

Morning assembly brings the people of a class and a school together. Being the beginning of the day, it brings an aura of positivity, hope and motivation along with it. In this time, it is very important to keep reminding the students about their goals, ambitions and what it takes to climb the ladder of success. Moving along the same lines, the students of Grade VIII B organized an assembly on the topic ‘Push yourself- As no one is going to do it for you’ on July 27, 2021. The assembly started with the beautiful thought ‘There is no elevator to success, you have to climb the stairs; it takes immense determination and self - motivation to be successful in life. Because different people do not different work, they do the work differently. Successful people are not gifted; they just work hard, then succeed on purpose. The assembly had performances like poem recitation in English and speech given by the students. All the events were highlighting the need of self - motivation and need of continuous hard work in life. It motivated the students to never be disheartened on getting the failure and to attain the right balance in their lives and never give up while facing the obstacles and hurdles in life. The assembly concluded with the National Anthem after which the students dispersed for their classes.
