The morning sets the day and the assembly paves the way for our students to rejuvenate their spirits, remain rooted to the moral values and unleash their vitality. It gives a sense of pride to students as they get the best opportunity to display their hidden talents. The focus is to acknowledge and motivate students to be an active participant of the school family. Keeping up with the same the students of class VI B conducted their class assembly on 12th APRIL, 2022. The topic of the assembly was ‘**GENIUS IS 1% & 99% PERSPIRATION**’.

The assembly commenced with the Gayatri Mantra followed by the thought of the day. The students put light on the topic stating that Genius is one percent inspiration and 99 percent perspiration,” said **Thomas Edison**. The quote immaculately and succinctly captures the ingredients to success, and appears to be at least to those who still believe he invented the light bulb. The assembly continued with performances like poem recitation and speech based on the same theme

The Principal Sir and Vice Principal Ma’am addressed the assembly motivating and encouraging the students with inspirational words. The assembly culminated with the rendition of the National Anthem awakening the spirit of patriotism amongst all.
