Morning Assembly has been the age-old culture of each and every school in our country which instils a sense of much needed tranquility among the students in the bright mornings.

This morning assembly is inspired by the present government's aim to develop an innovative and persistent mindset of people so that they can be tomorrow's job givers instead of job seekers. This week, students of class VIII-A showed their enthusiasm and hosted the morning assembly on the theme "Big Business Starts Small". The students participated in the morning assembly with great zeal to imbibe the value of hardwork and importance of embracing and polishing one's hidden potentials. Students started with offering prayers to God followed by taking the national pledge and presented the thought of the day. Then Students updated everyone about national and international issues by reading the important news. Then students kept their thoughts regarding the theme by delivering a passionate, creative and insightful speech. This was followed by encouraging and inspirational words of Ms. Pooja Monga. At last, the assembly culminated befittingly with the national anthem.
