"My will shall shape the future. Whether I fail or succeed shall be no man's doing but my own. I am the force. I can clear any obstacle before me or I can be lost in the maze." – Elaine Maxwell.

A workshop on Career Counselling was conducted for the students of class IX, X and XI. The resource person Mr. Bhaavesh Suryakant started the session with some interactive and real-life experiences to build up the positive rapport with the students. Thereafter, he apprised students about the difference between gaining knowledge and gaining degrees. There were activities pertaining to personality assessment conducted by him in which the students participated enthusiastically. They were guided that an individual should follow one's passion and should hold a career path with defined goals. They were guided for various career options with their related colleges in India. Mr. Bhaavesh Suryakant mainly emphasized on career building with knowledge acquisition rather than fulfilling expectations of others. He encouraged the students to understand their personality by assessing themselves with the help of a self report measure. It was followed by an open session, where students asked their queries and were answered satisfactorily. The students found the session was interactive and quite informative.
