DATE: May 21, 2020

ATTENDED BY: Students of grades IX & X

ONLINE PLATFORM: Google Meet

RESOURCE PERSON: Mr. Saurabh Nanda

"Education is not the learning of facts but the training of the mind to think." -Albert Einstein

To help children brush up their memory skills, MBS International School organised a webinar 'WOW Vocabulary' for the students of grades IX & X on May 21, 2020. The webinar was helmed by Mr. Saurabh Nanda, English language expert and career consultant. He taught the students about mnemonics (memory aids) and gave various tips which were useful in helping them recall information, and thereby possibly reducing stress and freeing up their cognitive process for higher-order thinking. The students got benefitted and really appreciated the session for it was very informative and interesting.
