

MBS INTERNATIONAL SCHOOL WORKSHOP FOR TEACHERS SESSION 2017-18

TOPIC: CLASSROOM -BASED RESEARCH MELA

DATE: MARCH 11, 2018

ATTENDED BY: Ms Nandita, Ms Savita, Ms Renu, Ms Rishu, Ms Suneyana

VENUE: Ambedkar University Campus

RESOURCE PERSON: Dr Amol Padwad and Dr Richard Smith

At MBS International School we believe in providing avenues to our mentors to keep them up abreast of the latest trends in education. Ms Nandita Sikarwar, Senior Coordinator, MS Savita, Junior Coordinator alongwith three teachers got the envious opportunity to attend the Classroom Based Research Mela on March 11, 2018 .The event organised by APTIS in collaboration with British Council promoted professional development opportunities and related resources for teachers to help in classroom. The mela explored challenges pertaining to different subjects and strategies to overcome the same.

The workshop which followed was facilitated by Dr Anmol Padwad and Dr Richard Smith who briefed the teachers about exploratory classroom based research and encouraged them to start their own classroom based research program to benefit the school, students and parent community.

This workshop was indeed an eye-opener!
