

MBS INTERNATIONAL SCHOOL CONNECTED CLASSROOMS WORKSHOP SESSION 2019-20

TOPIC : CONNECTED CLASSROOMS

DATE : July 5,2019

ATTENDED BY : Teaching Faculty Nur-XII

VENUE : MBS International School

RESOURCE PERSON: Mr. Rajat

Glimpse of the Workshop

Aiming to guide the teachers on how to use technology better with preparing their subject related presentations using application software "Power point" and then converting them to a form of short video/short movie using the software "Movie maker".

While explaining the whole process to the teachers, Mr Rajat recourse person for connected class rooms explained that how the complex content of the book can be presented in a very simple manner in front of the students with the help of a video which contains different animations, transitions, pictures, and music.

An activity was planned where teachers have prepared there PPT's related to their subject and converted them to movie adding the prefix and suffix to their video's. These videos will be uploaded on the portal of connected class rooms by the teachers from where students and their parents can download and know more about the topic in a better interactive way.

The interactive session was followed by a presentation highlighting the ways of effective use of software. It was a highly informative and engrossing seminar.
