

MBS INTERNATIONAL SCHOOL
Inter House English Debate for classes VI and VII
Session - 2022-23

Topic : “Should parents have control over their children's social media presence?”
Date : 26th August 2022
Incharge : Ms. Priyanka Pandey

Debate is a process that involves formal discourse on a particular topic. In a debate, arguments are put forward for often opposing viewpoints. Debates have historically occurred in public meetings, academic institutions, coffeehouses, competitions, and legislative assemblies. Being a good debater requires a mastery of facts and issues, and the ability to put them together in a coherent and convincing manner. Children participated in the debate with a lot of enthusiasm. The students took the opportunity to speak confidently and also cross question fellow speakers with a healthy competitive spirit.
