EDITION 31

20th JULY 2019

ST. MARY'S SCHOOL, DWARKA

From the Principal

Perfection is not attainable, but if we chase perfection we can attain excellence.-Vince Lombardi

The session 2019-20 has started with great zeal and enthusiasm. A gamut of activities have been planned for the students keeping in mind their strengths and abilities. In addition to achieving academic excellence, our objective is also to hone the talents of the students as well as give them invaluable lessons of life on persistence, patience and perseverance.

Our students, both in Standard XII and X, did exceedingly well in the boards and made us proud. Consistent effort and hard work is the key. There is never a short cut to success. Every child is born with a unique set of skills. Our aim is to assist each of our students to make their aspirations come true. However, this cannot happen in a day. After Class X board exams, not only the children but their parents also find themselves at the crossroads, about the choice of stream for their child to pursue. If our children aspire to choose a particular stream then the effort has to start early, as soon as the students leave the middle school. Just performing well at boards will not be the only deciding factor. What we do in life is also based on our aptitude, interest and abilities. So, it is very important to guide the children correctly and not give them false assurances or put any kind of pressure on them.

CBSE has once again revised the evaluation process in classes X and XII giving more weightage to internal assessments in all subjects. Thus, schools have a major role to play. The new system also reiterates the fact that only a single day's performance cannot assess the abilities of a student completely. So, schools have been provided with certain guidelines to evaluate the students round the year. Emphasis has not merely been given to academic subjects but also to classroom discussions, co-curricular activities, work quality, sports and above all, discipline. Nothing, in any sphere of life can be achieved without discipline. Another skill that will place our students in good stead is their ability to express themselves confidently in English. They will need this language no matter what they choose to do in life as it will give them an edge above others. The only place where they can learn and practice English speaking is the school premises and hence we lay a lot of emphasis on speaking in English in our school. We have planned many activities round the year in this direction.

We at St. Mary's firmly believe in value-based education. We want our students to be passionate, positive, pragmatic and strong characters who would contribute towards making this world a better place not only for themselves but for others too. We wish our students to be the beacon of hope and shining examples for humanity.

It is important that the parents be in sync with the school in whichever way they are capable (e.g encouraging their wards to participate in all the activities, paying fees on time, not making excuses for their tardy behaviour etc). In this journey that we have undertaken along with our students, we seek the support and encouragement of the parents and well-wishers so that all our endeavors come to fruition.

Principal

### INVESTITURE CEREMONY

27.04.2019-The Junior & Senior Student Council were inducted into office. Khushi Vats was sworn in as the School Leader. DCP Asif Ali Mohd. and the Principal invested the leaders with their badges. The office bearers pledged to keep the welfare of the students as their priority and also to work for the betterment of the school. The School Leader's speech was well received by the students. Shanti house won the first prize in the March Past, that followed.

### LEADERSHIP CAMP

The Annual Leadership Camp for the Student Council and discipline Squad was held at Snow Leopard Adventures in Rishikesh. Workshops to hone their leadership skills were conducted. The children enjoyed various activities like pebble painting, basic life skills, zip-lining and river rafting.

**CBSE RESULTS****CLASS-XII**

Total number of students appeared– 122

Number of students who secured first division– 121
