"The holiday season is a perfect time to reflect on our blessings and seek out ways to make life better for us and those around us"

St. Mary's School, Dwarka

Class: II

## General Instructions:

- Revise all the work done till date in all the subjects.
- Do the given activity / work in the respective subject notebook.
- Please be careful about the formation of alphabet in both English and Hindi
- Please ask your parents to help you with cutting the things, and don't forget to say "Thank You"

1. The Nair kids used to play with their friends in the playground. You would also like to go and play with your friends, but during the lockdown you cannot go out. You can still play and enjoy your time with your family. Find the names of few indoor games hidden in the grid that you can play with your family and friends. (Print and cut out the grid and paste it in the notebook or draw out the grid with the help of your parents).

2. Look at the pictures and write the names of any six fruits, vegetables and animals in the alphabetical order of their first letter.

Eg: 1. Fruits
i) apple
ii) banana
iii) grapes .....
3. Read two story books and write the following information about it on a beautiful bookmark
i) Name of the book
ii) Name of the author (writer)
iii) Name of the characters

Sample of book marks ( try using waste materials available at home)

Step 3 - Leave it undisturbed and covered with a thin cloth in a warm place. (In a day or so gram will start to germinate.)

Step 4 - Take the sprouted gram in a mixing bowl.
Step 5 - Add the following into the bowl
1 diced onion, carrot, cucumber
Step 6 - Add salt to taste and squeeze half a lemon into it.
Step 7 - Mix all ingredients together. Your Salad is ready.
Take picture of the sprouted gram salad. Send it to the mailing ID. (to which you have been sending your completed worksheets)
7. Look at the pictures given in the grid. Write the special names and common names in the correct column in your notebook.

1. Practice 2 addition and 2 subtraction sums on alternate days. (worksheet given)
2. Learn and write the addition facts of 1 and 2 using colourful bindis, stickers, dals (whatever is easily available)
Eg: $1+1=\$$

$$
1+2=\text { 凡 }
$$

3. Practice adding and subtracting numbers using base 10 blocks. For example

4. Revise number names upto 999.
5. Cut out the monsters and paste them in the ascending order of the numbers given to them. You can even draw them

## For question 1 of math homework

1. Add the following. Copy two of these sums date wise into your notebook and complete.

Make a list of $\mathbf{3 0}$ addition facts that you learnt / worked out.
For example - From sum 1 you learnt

1) $8+1=9$
2) $2+3=5$

Likewise complete for all the $\mathbf{3 0}$ sums.
2. Subtract the following. Copy two of these sums date wise into your notebook and complete.
