Subject: Psychology (037)

Worksheet 1

Lesson 1: What is Psychology?

Activity 1

You have studied Chapter 1 “What is Psychology” this chapter tells you about several professionals in the field of psychology. Contact a psychologist who fits into one of the categories and interview the person (telephonic interview). Have a list of question beforehand. Possible questions could be:

1. What kind of education is necessary for your particular job?
2. Which college/university would you recommend for the study of this discipline?
3. Are there many jobs available today in your area of work?
4. What would a typical day at work be like for you- or there no such thing as “typical”?
5. What motivated you to enter this line for work?

Write a report of your interview and include your specific reactions.
