

Awareness Drive- October 2022
Don't Waste Food : World Food Day (15 Oct)

“There is food for everyone on this planet, but not everyone eats. “

“Don't waste food. Live simply, so that others may simply live.”

World Food Day(15 Oct) was celebrated on 17 Oct in Air Force School Camero.

Daily millions of people across the globe leave a lot of food uneaten in their plates, which is just thrown into the dustbin. This is the habit that is causing a huge wastage of food. People fill up their plates with more food than they can consume. Millions of human beings elsewhere go to bed with half-full or empty stomachs.

Modern lifestyle consists of throwing ostentatious parties for weddings, birthdays, etc. There are so many varieties of dishes served just so that every guest can find some favourite food there. At the end, there is so much wastage of left-over food.

Some innovative organisations pick up all the left-over food after the parties, and provide it to the homeless children. One should take only that much food at a time as it can be finished.

The students were encouraged to develop the same habit, to avoid wastage of food. Following activities were organised in the school to spread awareness amongst the children.

- ***Classes- Lkg to V : ACTIVITY - Making posters on "Don't waste food"***
- ***Classes- Ill to V : Holding posters and spreading awareness in all the classes***
- ***Teachers Talk: By Mrs Gurmeet Randhawa***
