**It is Love For The Nation And People Of The Nation that Inspires our Soldiers To Be Strong And True Patriots. Let's Salute them.**

Most of the time a soldier lives on the borders of our country. It may be jungles, mountains, near rivers or on the seas.

In times of war, he has to be on duty without break. There are high chances that he might end up injuring himself badly. Sometimes, a soldier might get bullet injuries, lose his limbs, or even die.

Nevertheless, he is always a brave man and fights for his country and its people. He is ready to sacrifice his life for the safety of his motherland.

We lead a protected life without any threat because of the hard work the soldiers put in. We should always be thankful to our soldiers for protecting our lives. We should respect them and feel proud of them.

Following activities were planned in Air Force School Camero to pay tribute to the bravehearts of our nation, Our Soldiers.
