October being the month of festivities started with the movie show "Ramayan". The students were shown this movie to give them insight into our culture. This was the month when we Indians celebrated Dussehra on 5 Oct and Diwali on 24 Oct. This movie gave them the knowledge that why do we celebrate Dussehra and Diwali and the importance of these festivals in our lives.

Good deeds are the means to reach a higher plane and likewise bad deeds lead to destruction and doom – is the ultimate message that the Ramayana teaches. Ravana commits the sin of coveting another man's wife and scripts his own self destruction. Rama and Sita in their role as mortals show that human sorrow is inevitable and affects all, whatever may be one's temperament, scholarship, lineage, etc. Lakshmana on many occasions ponders on the unfairness of the happenings in Rama's life.

After great battles and acts of heroism, the siege was completed and Ravana defeated. Sita was rescued. Many versions of the Ramayana end thus with the return of Sita and Rama to their kingdom after fourteen years of exile, and the commencement of Ram Rajya, the glorious time of the rule of Ram.

Ramayana deals with the various aspects of man's life – love, duty to superiors, treachery, devotion to parents, selflessness and what not. These characters of Ramayana stand as symbols of love, charity, patriotism, conjugal love, and obedience to parents.
