

Report on Field Survey at Junedpur Village in Gautam Buddha Nagar, Greater Noida, UP

Date: 5 November 2016

Venue: Junedpur Village in Gautam Buddha Nagar, Greater Noida, UP

Organized by: ITL Public School

Attended by: Students of Class XII (Department of Geography)

ITL Public school organized a field survey for the students of Class XII, Department of Geography in Junedpur village in Gautam Buddha Nagar , Greater Noida as a part of their Geography practical on 5 November 16. During the Survey, the students opted for the techniques of Survey i.e. Observation, filling the Questionnaire and interviewing the people. The objective was to know the land use pattern of the village and how it affects the Socio- economic life of the people of that area. In the process of the survey the students interviewed the Village ‘*Mukhiya*’ and the other members of the village to get an idea about various other aspects of the village like total population, literacy rate, and the facilities like medical, School etc that are being extended by the Government in that area. The students also enjoyed the hospitality of the village members.

The entire experience was an educative, enriching and enjoyable one.
