

REPORT ON HERITAGE WALK

VISIT TO FIROZ SHAH KOTLA

DATE : 12 NOVEMBER 2016

VISITED BY : CLASS VI, ITL PUBLIC SCHOOL

ORGANISED BY : ITIHAAS GROUP

ITL Public School, Dwarka in collaboration with team ITIHAAS, pioneer in Heritage Education, organised an educational trip for the students of Class VI, to one of the most opulent royal citadel of Delhi, Firoz Shah Kotla on 12 November 2016.

The students jostled with excitement as they embarked on their visit to the famous monument located near Bahadur Shah Zafar Marg in New Delhi. Soon after they reached the site, the members of the ITIHAAS group took over and were briefed about the place. The ambience of the place and its beauty was magnificent. The history of the past enlightened everyone about our ancient heritage. The teachings of Buddhism inscribed in Pali on the Ashoka Pillar shed light on the richness of our ancient languages. The members of the group guided the students and showed different places inside the fort including the mosque, the Baoli, the palace and the area where the river Yamuna was located. The young ITLeens explored each and every place with a very inquisitive mind and got enlightened with the rich cultural heritage of our amazing India.

At the end, each student was asked to write a peace message on how to save the monuments and the best three were given certificates. Nothing can be more inspiring than the words of Kavya Jain, a student of Class VI, “The bond of every Indian should be as strong as the walls of the fort so that the country always remains united and secure”.

The day ended with a promise to preserve nature and to preserve the rich heritage of our beloved country.
