<b>Attended By</b>	:	<b>Ms. Sarabjeet Kaur &amp; 7 Students of Class XI</b>

The Economics Society, Shri Ram College of Commerce organised its fifth Edition of the **Shri Ram Economics Summit**, the No.1 Economics Summit in the undergraduate arena of India, on **24 January 2017**. Presenting an ‘inspiration on a platter’, the Economic Cadence was an erudite pedestal bigger than ever. Hosting a plethora of events, seminars and speaker sessions, The Shri Ram Economics Summit’17 offered a platform to participate in a variety of events and an opportunity to don different caps.

The students of ITL Public School got a golden opportunity to attend this prestigious summit. It is an aspiration of most students to get the opportunity to go to the Sri Ram College of Commerce, an institution linked to the most prestige academia in the country. Inspirational speakers like Udayan Mukherjee and development economists and politicians like Jayati Ghosh, K.T.S Tulsi and Debasish Mallick very much emphasized the theme ‘Change is the only Constant.’ With the Britain leaving the European Union and election of Donald Trump, Debashish Mallick expressed his concern and enlightened the students about the rising protectionism in the world. Udayan Mukherjee inspired the students and guided them on how to go with a new business idea. On the other hand Jayati Ghosh spoke about the practicality of a cashless Indian Economy. The experience of hearing India’s most well read and motivational speakers was indeed a lifetime achievement and an unmatched experience. Budget Bingo, an entertaining game, requiring economic sense and luck, played by the students, was an edifying amalgamation of brilliant minds. The great veterans shared their life experiences and success stories to leave an indelible mark on the minds of the youth.
