

ITL CELEBRATES ENGLISH LITERARY WEEK

Date	:	24-28 April 2017
Venue	:	ITL Public School
Organised by	:	ITL Public School
Conducted By	:	Teachers of the Department of English
Participants	:	Students of Classes I-XII along with their subject teachers

ITL Public School, in its endeavour to foster love for language and literature in students, celebrated English Week “*Literati*” from **24 April 2017 – 28 April 2017**. A plethora of activities were planned for the students during the week.

A Story Telling Session was held for the students of **Class VI**. Two stories “The Open Window” by Saki and “A Song to Buy- a folklore from Madhya Pradesh” were retold in an engrossing manner. Calligram (a shape poem) Activity was organized for the students of **Class VII** to juxtapose creative poetry writing and aesthetic presentation. The students of **Class VIII** created a photo essay of the Shakespearean Plays on the softboards which included **The Merchant of Venice, King Lear, The Midsummer Night’s Dream, Julius Caesar**. **Class IX** tickled their jocular vein by indulging in an ingenious activity of composing a Limerick Poem on topics like **Politics and Society** and **Change in Social Media**. **Class X** participated enthusiastically in ‘Turncoat’, debating on various interesting topics like **Cashless Economy suggests Progress and Prosperity, New Trend Is Online Shopping..... Far Better Than Street Shopping** etc.

Primary Wing also organized activities for Classes 1-V. **Class I** participated in **Choral Recitation Competition** and **Parable Enactment**. activity was organized in **Class II**. **Class III** was engaged in the **Words of Wonder**, a crossword activity based on famous authors and characters. **Class IV** had a class activity on the topic –Creating My Own Comic Strip. The activity helped the students to develop their creative imagination and attempt something that they have always loved to read. **Class V** students expressed their opinion in the **Debate Competition** on topics like **Mobile phone--- A boon or bane, Home work--- Wastage of time** etc.

But the icing on the cake was the magnificent play **The Canterville Ghost** staged by the Senior Wing on the culmination of the week. This modern adaptation of the novel by Oscar Wilde captured the Victorian Gothic essence perfectly. All technical aspects of the play were carefully considered, which helped to maintain the tension between the comedy and the macabre. The props, lighting and space were all used to their full potential. The stellar show, that was attended by the students, parents of the participants and teachers from the neighbouring schools, was liked and appreciated by everybody. The event certainly added another feather to the ITL’s cap.
