

DESIGN WORKSHOP 2018

DATE: 3rd January 2018, Wednesday.

EVENT TYPE: Campus Tour and Design Workshop

TOPIC: Career counseling and learning the technique of Mono print

TIMINGS: 9.00 am - 12:30 pm

APPROX NO.OF STUDENTS: 11 Fashion Studies and Fine art students from grade XI

FACILITATOR: Mr. Kishore Chakraborty, Faculty 'I I A D' Indian Institute of Art and Design

The campus tour to IIAD was indeed a fruitful one. Students got exposure to different types of designing skills be it interior, fashion or communication and were in awe on seeing the creative works. The campus was huge and in real a creator's paradise. They saw the latest method of table ironing which made a designers work easy. The best thing about the institute is that the learners have all the freedom to explore their skills and the students are assessed throughout the year and have no specific examinations. Our students were apprised of the different career options in designing. They were shown a PPT to acquaint them with different kinds of print making machines and instruments by the facilitator. They also learnt the techniques of mono printing and got a chance to bring out their best in printing and the result was outstanding. Our students proved to be quite enthusiastic learners and returned with a skill to develop and new and creative ideas.
