

Visit to Yamuna Biodiversity Park, Nature Reserve of Delhi

Date : December 20, 2017

Students involved : 50 (21 Students of XI C and 29 students from class IX)

Teachers : Ms. Shikha Sikka, Ms. Pratishtha Gupta, Ms Savita, Mr.Vikas

The students of ITL public school visited the Yamuna Biodiversity Park, located in the upstream of Wazirabad Reservoir. The Nature Education Officer Mr. Manoj Kumar Singh guided the students during the eco walk. They were shown a documentary on the topic “**Biodiversity parks program**”, which made them familiar with the area. They were thrilled to see a restored wetland with migratory birds like Ferruginous Pochard, Northern Shoveler, Northern Pintail, Red Crested Pochard etc.

It was a wonderful experience for the students which helped them learn about the flora and fauna and see a wide range of ecosystems indigenous to the Yamuna river basin.

Bio diversity conservation
