The young ITLeens gained new perspective as they got to face different obstacles in the form of activities like Burma Bridge, Commando Net, Tyre Maze, zip lining, wall climbing etc.. It helped to make the student stronger and build his personality so unique and distinguishable.

The amount of energy and enthusiasm exhibited by the students was enthralling.

Good communication is a must in all aspects of life. When the students got involved in various activities they learnt to build a good relation with their friends, gain the problem-solving skills, and respect the fellow team members and their individual contributions. The members of the camp guided the students at each point of time.

The tractor ride and pottery making truly enhanced the experience of rural adventure.

At the end of the day, Rocksport’s in house DJ played peppy numbers and the students danced with full vigour inspite of being tired and exhausted.

It was a day filled with fun and the students returned with memories to be cherished forever.
