

Report on : Green School Program (GSP) Awards Ceremony and Sit & Draw Competition
Date : 7 February, 2018
Organized By : Centre for Science and Environment, Govt. of India
Venue : Stein Auditorium, India Habitat Centre, New Delhi
Attended By : Ms. Pratishtha Gupta
Students involved : 11 Students of V to class XI

Centre for Science and Environment, Govt. of India organizes Green Schools Program awards every year and felicitates schools for their resource-efficiency – *low water use, energy efficiency, low waste generation, harvesting and recycling of water, and providing a healthier space* for its occupants as compared to a conventional building. An online audit program provides schools with a methodology to identify and plug the gaps in their environment management practices and move towards resource consumption.

ITL Public School participated in this program for the first time and was invited in the ceremony. A **Sit and Draw Painting Competition** with the theme of **Sustainable Environment and India in 2050** was also organized by the CSE to sensitize the young minds with the growing concern of Environment and Climate change.

The award ceremony was conducted by **Ranjita Menon, Program Director-Environment Education, CSE** and was presided by **Sunita Narain, noted Environmentalist and Director general, CSE.**

The profound ceremony encouraged and motivated the students to pledge towards making ITL Public School a Green School.
