

## **ITL CONDUCTS SEMINAR ON TOEFL**

**Date** : 12 July, 2018

**Venue** : Auditorium

**Organized By** : ITL Public School

**Conducted by** : Ms. Sweta Bhardwaj (ETS)

**Participants** : Students of Class XI- XII

ITL Public School firmly believes that 'The Future is Now' and hence at every stage, helps its students to prepare for it. As one of the many endeavours taken up by the school to keep the students abreast with the latest information, the school conducted a seminar on TOEFL (Test of English as a Foreign Language).

The seminar was conducted by **Ms. Sweta Bhardwaj** from **Educational Testing Service**, a non- profit educational testing assessment organization based in New Jersey, USA. She laid stress on the importance of developing the listening, reading, speaking and writing skills as a whole. She guided the students about the various aspects of the exam. The focal points of the discussion were the importance of exam, how students can prepare for it and when is the right time to start preparing for it.

The students were immensely engrossed in the seminar and participated enthusiastically. They came up with a lot of questions which were judiciously dealt with by the resource person. The seminar proved to be quite informative for the students as they gained an insight into the important steps to take if they wish to study in a foreign university.
