

## **Swachhta Hi Seva Campaign At ITL Public School**

It is a proud privilege that **ITL Public School** had been nominated as one of the institutions for Prime Minister's impassioned call on the spread of the unprecedented campaign towards **Swachhta Hi Seva** on 15 September, 2018.

The day focused on, sensitizing, reinforcing and mobilizing the students towards contributing to a cleaner environment. The school arranged for the live telecast of *Hon'ble Prime Minister's* message to the nation on this special occasion.

**Nukkad Natak and a Rally** were organized in the school campus and the adjoining areas to sensitize students and residents against the use of plastics. The students collected plastic wastes from the surroundings and raised slogans on the environmental hazards associated with its usage. In another activity, the students participated in **E-waste Collection Drive** and rendered their views on the need for its appropriate **segregation** and **management** and options that can be implemented by *Reusing, Refurbishing or Recycling* . **Live Working Models** like Hydraulic cranes, Floor Cleaner machine etc. were prepared using the collected e-wastes. A debate on '*Disposal of E-waste is the responsibility of the User*' gave the participants opportunities to refine their critical thinking and internalizing them on this topic that needs utmost attention, care and concern. The in-house manufactured herbal products made by the students under the brand name *Anthelia* were exhibited, wherein they showcased their products like **Herbal Hand Sanitiser, Disinfectants, Floor Cleaners, Neem Based Mosquito Repellant and Dish Washers** .A *Folder Making activity* was conducted where in the students made folders from jute – a more durable and eco-friendly fiber thus promoting aesthetic utility of eco-friendly products. Poetry on the theme Swachta – A fight for cleanliness was a potent platform where the primary students expressed their deep rooted concern on this surmounting issue.

**Dr Pragya Verma, Assistant Secretary, Academics, CBSE** joined the participating students and teachers in these activities. The **Doordarshan** team visited school to give live coverage to the activities propagating the message of Swachta.

**Swachhta Hi Seva** campaign was a great success and inculcated a sense of being healthy and maintaining hygiene in each and every individual .These activities also provided an impetus to our students and staff towards working in tandem with the national concern, thereby creating a cleaner, hygienic & healthier world around them. The school looks forward to being partners in more such activities thus being causative in taking nation to greater heights!!!

## Message by Honorable Prime Minister

## Students creating awareness regarding harmful impact of plastic on our environment-Nukkad Natak

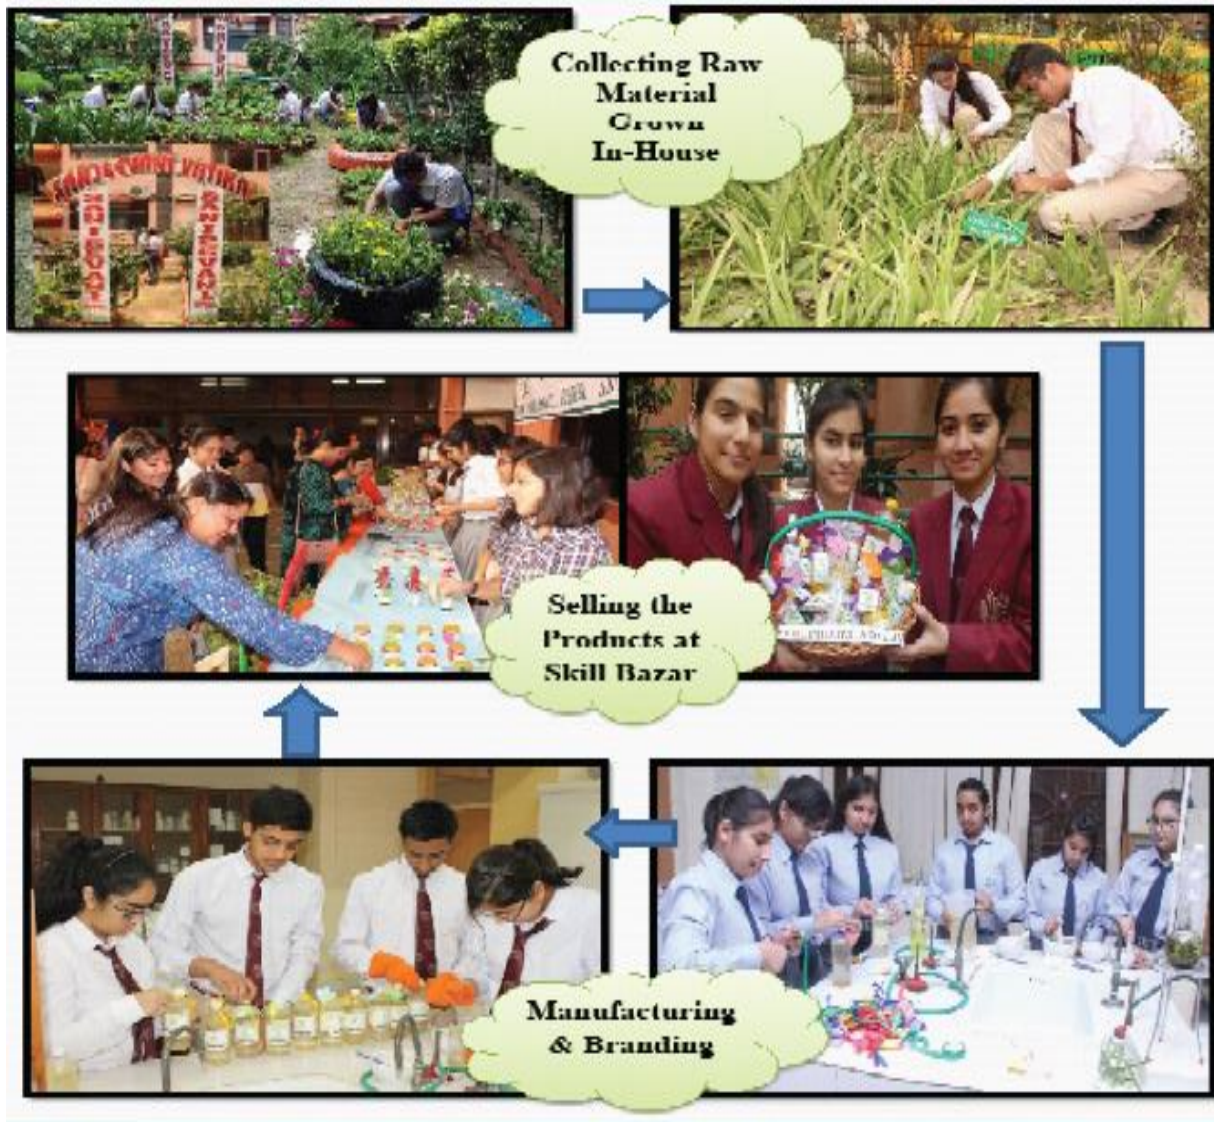

## Cleaning of class rooms
