

Counselling Session on Higher Education Landscape and Emerging Careers

Name of the Event	:	Workshop and Career Fair on Higher Education Landscape and Emerging Careers
Date of the Event	:	19 August 2019
Organized by	:	ITL Public School
Conducted by	:	KIC UNIV ASSIST
Attended by	:	Students of classes XI & XII of ITL Public School

ITL hosted a counselling focussed presentation on **Higher Education Landscape and Emerging Careers** on **19 August, 2019**.

The resource person for the day, **Mr Ganesh Kohli**, Chief Mentor & Conference Chair IC3; defined best education as that serves one's passion and is closest to his/her areas of interest. The best education should allow flexibility, enhance problem solving skills and at the same time endow adequate opportunity to deal with multiple projects simultaneously.

The session emphasized upon:

- imbibing full length knowledge about different educational avenues through a fruitful interaction on 'where' and 'what' to study.
- Global Mobility Trends focussing at the strengths of different systems.
- Students to explore changing world of careers that focus on increasing "convergence" of different subjects.

The leading universities for today's session were:

- Indiana University, Bloomington
- University of Missouri
- Whitworth University
- The University of Tennessee, Knoxville
- Augustana University

- University of Kentucky
- Bryant University
- University of New Haven
- Embry - Riddle Aeronautical University

The session was indeed a great learning experience whereby the students explored the different career avenues which can be a great help to them in selecting the right career path later.
